Wall Ball Game
This Wall Ball Game requires advanced concentration and strategic thinking! Use the pullies on the left and right sides of the board to move the yellow ball to the top without letting it drop. Children can design the difficulty levels by blocking the way with rubber bands by themselves. The center hole can be either an easy finish line or an obstacle in the advanced level. When finished playing, store the pieces in the provided wooden platform.

Wandball Spiel
Das Wandball Spiel erfordert Konzentration und strategisches Denken! Mit Hilfe der Schnüre auf der linken und rechten Seite des Bretts, kann die gelbe Scheibe gesteuert werden. Ziel ist es die Kugel in einem der beiden Löcher auf dem Brett zu versenken. Die Schwierigkeitsstufe kann geändert werden, indem der direkte Weg mit Gummibändern versperrt wird. Das Mittelloch kann nicht nur das Ziel sein, sondern auch als Hindernis dienen. Nach dem Spielen können die Teile auf die Ablage gelegt werden.
